Last updated: June 2026

1. Company Overview

NovaTech Solutions is a B2B SaaS company headquartered in Austin, Texas. Founded in 2018 by Elena Vasquez and David Chen, the company provides AI-powered customer engagement tools for mid-market businesses. As of Q2 2026, NovaTech employs 410 people across offices in Austin, Dublin, Singapore, and its newest location in Tokyo (opened March 2026). Annual recurring revenue (ARR) is \$62M, representing 32% year-over-year growth.

Industry: B2B SaaS - AI Customer Engagement

Founded: 2018

Headquarters: 200 Congress Ave, Suite 1500, Austin, TX 78701

Employees: 410 (as of Q2 2026)

ARR: \$62M

YoY Growth: 32%

Funding: Series B - \$45M led by Meridian Ventures (Jan 2025)

Total Funding: \$78M to date

2. Employee Benefits & Culture

NovaTech Solutions is committed to building a diverse, inclusive, and employee-first workplace. Below is a summary of the benefits and culture initiatives available to all full-time employees.

Compensation & Equity

- Competitive base salaries benchmarked at the 75th percentile for Austin market
- Equity grants for all full-time employees (ISO stock options with 4-year vesting, 1-year cliff)
- Annual performance bonus of 10-20% of base salary based on company and individual KPIs
- 401(k) plan with up to 5% company matching (immediate vesting)

Health & Wellness

- Comprehensive medical, dental, and vision insurance - 100% premium covered for employees, 80% for dependents
- Mental health support via Spring Health (6 free therapy sessions per year)
- Annual wellness stipend of \$1,200 for gym memberships, fitness classes, or home office equipment
- Paid parental leave: 16 weeks for primary caregiver, 8 weeks for secondary caregiver

Work Environment

- Remote-first culture - approximately 60% of employees work remotely, 40% hybrid or in-office
- Annual team retreats held at rotating global locations (2025: Lisbon, 2026: Kyoto)
- Unlimited PTO policy (minimum recommended 15 days per year)
- Quarterly hackweeks where cross-functional teams build experimental features

Learning & Development

- Annual learning budget of \$3,000 per employee for conferences, courses, and certifications
- Internal mentorship program pairing senior engineers and managers with junior staff
- Free access to O'Reilly Learning, Coursera, and A Cloud Guru subscriptions

3. Leadership Team

The executive leadership team brings together experience from high-growth SaaS companies, enterprise software, and AI research.

Elena Vasquez - Co-Founder & CEO

Elena previously led product at Conversable (acquired by Sprinklr) and was an early engineer at Zendesk. She holds a B.S. in Computer Science from UT Austin and an MBA from Stanford. Elena is responsible for company strategy, fundraising, and executive leadership.

David Chen - Co-Founder & CTO

David was a senior ML engineer at Google AI and holds a Ph.D. in Natural Language Processing from Carnegie Mellon. He oversees all engineering, infrastructure, and AI research. David personally architected NovaTech's proprietary intent classification engine.

Sarah Mitchell - Chief Product Officer

Sarah joined in 2020 from Salesforce where she was VP of Product for Service Cloud. She holds an MBA from Harvard and is responsible for product roadmap, UX research, and cross-platform integration strategy.

James Okonkwo - Chief Revenue Officer

James previously served as VP of Sales at HubSpot for EMEA region. He leads global sales, customer success, and partnerships. Since joining in 2021, he has grown the sales team from 12 to 85 representatives.

Dr. Priya Kapoor - VP of AI Research

Priya leads NovaTech's AI research division. She holds a Ph.D. from MIT and previously published 15+ papers in ACL and NeurIPS. Her team focuses on few-shot learning, multilingual NLU, and responsible AI guardrails.

4. Customer Success & Metrics

NovaTech serves over 1,200 mid-market customers across North America, Europe, and Asia-Pacific. The company is differentiated by its rapid time-to-value and high customer satisfaction scores.

Active Customers: 1,240 (as of May 2026)

Net Revenue Retention (NRR): 118%

Gross Revenue Retention (GRR): 92%

Customer NPS: 68 (industry average: 42)

Average Onboarding Time: 14 days

Average Time to First Value (TTFV): 3 days

Case Study Count: 47 published customer success stories

Customer Churn Rate: 2.1% monthly (Starter), 0.8% monthly (Pro/Enterprise)

Support CSAT: 94% satisfied across all plans

Key Customer Segments

- E-commerce & Retail - 35% of customer base (Shopify/WooCommerce merchants)
- SaaS/Technology - 28% of customer base
- Financial Services - 18% of customer base (fintech, insurtech)
- Healthcare & Telehealth - 12% of customer base
- Other (Education, Real Estate, Non-profit) - 7%

5. Technical Architecture

NovaTech's platform is built on a modern microservices architecture deployed on Kubernetes. The system processes over 2 million API requests per day with 99.99% uptime.

Backend Stack

- Node.js (Fastify) and Go microservices for API layer and real-time messaging
- Python (FastAPI) for ML model inference and batch processing pipelines
- PostgreSQL (primary OLTP database with pgvector for embedding storage)
- Redis for caching, rate limiting, and real-time pub/sub messaging
- Apache Kafka for event streaming and async processing across services

AI & ML Infrastructure

- Custom intent classification model based on DeBERTa-v3 (fine-tuned on 500K+ annotated conversations)
- Multilingual NLU supporting 12 languages (English, Spanish, French, German, Japanese, others)
- RAG (Retrieval-Augmented Generation) pipeline using pgvector for similarity search
- Model serving via NVIDIA Triton Inference Server on AWS SageMaker
- Automated A/B testing framework for model deployment with gradual rollout

Infrastructure & DevOps

- AWS as primary cloud provider (us-east-1, eu-west-1, ap-southeast-1)
- EKS (Kubernetes) with Helm charts and ArgoCD for GitOps deployments
- Terraform for infrastructure as code
- Datadog for observability (metrics, tracing, logs)
- Incident response via PagerDuty with 15-minute SLA for P0 incidents

Security & Compliance

- SOC 2 Type II certified (annual audit by KPMG)
- ISO 27001 certified (obtained Q4 2025)
- GDPR, CCPA, and SOC 2 compliant data handling
- Encryption at rest (AES-256) and in transit (TLS 1.3)
- Annual penetration testing by CrowdStrike; quarterly vulnerability scans
- Bug bounty program via HackerOne

6. Recent Milestones & Roadmap

2025 Highlights

- January: Closed \$45M Series B led by Meridian Ventures
- March: Reached 1,000 active customers milestone
- June: Launched multilingual NLU support (6 languages)
- September: Opened Dublin office (EU headquarters)
- November: Achieved ISO 27001 certification
- December: ARR surpassed \$50M for the first time

2026 Highlights (YTD)

- February: Launched NovaGPT - generative AI assistant for customer support agents
- March: Opened Tokyo office (APAC headquarters)
- April: Reached 1,200 active customers
- May: Released Shopify Flow integration for automated support workflows
- May: Announced partnership with Snowflake for customer analytics integration

Upcoming (H2 2026)

- Q3: Voice channel support - AI-powered voice bot with Twilio integration
- Q3: Native mobile SDK for iOS and Android (React Native)
- Q4: Expansion of NLU to 18 languages including Arabic, Hindi, and Vietnamese
- Q4: Launch of marketplace for third-party chatbot templates and plugins
- Q4: Target ARR of \$75M by end of 2026

7. Office Locations

Austin (Global HQ)

Address: 200 Congress Ave, Suite 1500, Austin, TX 78701, USA

Staff: 260 employees - Engineering, Product, Sales, Marketing, Executive

Dublin (EU HQ)

Address: 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

Staff: 65 employees - Sales (EMEA), Customer Success, Data Privacy

Singapore (APAC Hub)

Address: 1 Raffles Place, #20-01, Singapore 048616

Staff: 50 employees - Sales (APAC), Partnerships, Support

Tokyo (New - APAC HQ)

Address: 3-2-1 Marunouchi, Chiyoda-ku, Tokyo 100-0005, Japan

Staff: 35 employees - Engineering, Sales (Japan), Localization
